Overview of shareholder voting results

Key issues in shareholder voting from April to June 2023:

- We voted in accordance with TMAM basic policy and guidelines on shareholder voting.
- Our Responsible Investment Committee refers to recommendations provided by a proxy advisory firm in order to avoid any conflict of interest.

Managing conflicts of interest

Where the exercise of voting rights may have an impact on our management due to capital ties, business relationships or other such reasons, we take advice from a proxy advisory firm and vote in accordance with the Responsible Investment Committee's decisions in order to avoid any conflict of interest.

Where a potential conflict of interests exists, the Responsible Investment Committee considers the recommendation of a proxy advisory firm as its base case. Where such a recommendation is less rational than our own voting guidelines, however, or in certain cases where shareholder proposals need to be considered on their own merits, we may vote against such recommendations. In making decisions on cross shareholdings, we consider the firm's track record of improving capital efficiency and reducing such holdings, in addition to proxy advisory recommendations.

Proposals for investee companies where there is a potential conflict of interests are flagged as such in the full table of shareholder voting results, with rationale provided for exceptional decisions.

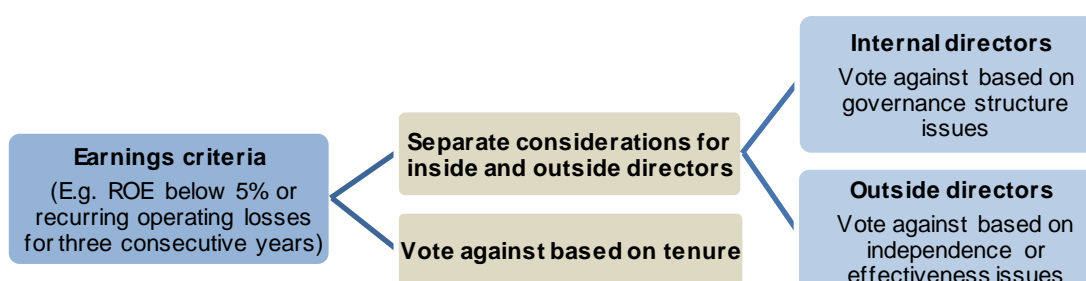

Overview of voting on company proposals and shareholder proposals

Company proposals

- Vote against the appointment of outside directors where the candidate has been in post for over 10 years, is an employee of a business partner or major shareholder, or otherwise fails to meet TMAM's independence guidelines.
- Vote against the appointment of directors where board transparency may be impaired, including where the number of independent outside directors fails to meet TMAM guidelines.
- Vote against director compensation proposals and retirement bonus payments that include outside directors or audit and supervisory board members.
- Vote against any nominee (whether director or audit and supervisory board member) responsible for unlawful or unethical behaviour.

Reasons for voting against appointment/dismissal of directors

- Screening based on whether a company has met earnings criteria
- Where a company meets earnings criteria, discussions are held on a case-by-case basis; as a general rule we vote against appointment where earnings fall short of our screening criteria.

Shareholder proposals

- Vote in favour of proposals regarding parent-subsidary listing where deemed likely to improve transparency in group governance.
- Vote in favour of proposals to boost corporate value through improved board diversity, with due consideration of corporate initiatives.
- Vote in favour of proposals deemed likely to improve governance transparency through individual disclosure of director/executive compensation; changes in articles calling for disclosure of nomination/compensation committee matters; and through abolishing post-retirement advisory board positions (*sodanyaku*, *komon*, etc.).

Disclosure of shareholder voting results

In addition to our decision on each individual proposal, we disclose our rationale when voting against company proposals or in favour of shareholder proposals. We also publish our rationale for proposals subject to potential conflict of interest review, where unlawful or unethical behaviour has been detected, where our decision ran against TMAM guidelines, and for other case-specific factors.

We will continue to use shareholder voting as a tool to request that the companies in which we invest address corporate governance in good faith and for the interest of beneficiaries.
