Overview of shareholder voting results

Key issues in shareholder voting from January to March 2024:

- We voted in accordance with TMAM basic policy and guidelines on shareholder voting.
- This quarter there were no proposals with potential for conflicts of interest.

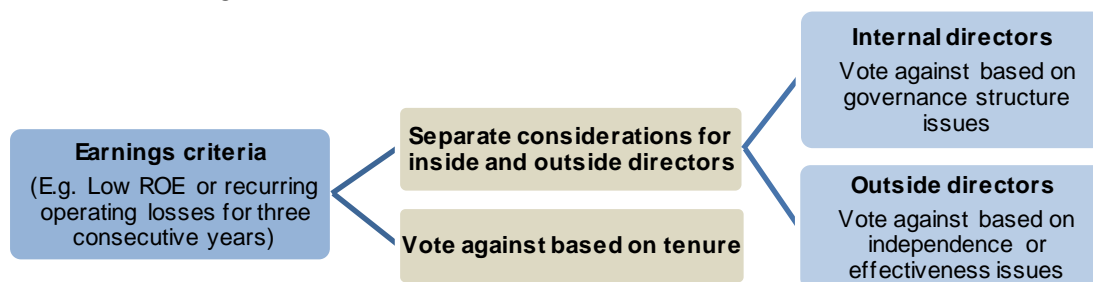

Overview of voting on company proposals and shareholder proposals

Company proposals

- Vote against the appointment of outside directors where the candidate has been in post for over 10 years, or fails to meet TMAM's independence guidelines.
- Vote against the appointment of directors where board transparency may be impaired, including where the number of independent outside directors fails to meet TMAM guidelines.

Reasons for voting against appointment/dismissal of directors

- Screening based on whether a company has met earnings criteria
- Where a company meets earnings criteria, discussions are held on a case-by-case basis; as a general rule we vote against appointment where earnings fall short of our screening criteria.

Shareholder proposals

- Vote in favour of dividend payments and share buybacks depending on nature of proposal and financial conditions.
- Vote in favour of changing articles to disclose cost of capital or individual officer compensation, given expected contribution to governance transparency

Disclosure of shareholder voting results

We will continue to use shareholder voting as a tool to request that the companies in which we invest address corporate governance in good faith and for the interest of beneficiaries.
